Editorial Review

Review

, Joshua Lynch, Third-Year Medical Student, LECOM-Bradenton, Florida -- "The book overall was amazing. It is the only book I am aware of that incorporates osteopathic principles and anatomy into a user friendly review book! There is one other Osteopathic review book that I know of by Robert Savarese, DO but it doesn't include as much anatomy as this does."-Joshua Lynch, Third-Year Medical Student, LECOM-Bradenton, Florida
