Long Range Shooting Handbook By Ryan M Cleckner

25% of this book's proceeds will be donated to two military charities: the Special Operation Warrior Foundation and the Sua Sponte Foundation.

This book is the complete beginner's guide to long range shooting written in simple every-day language so that it's easy to follow. Included are personal tips and best advice from my years of special operations sniper schooling and experience, and as a sniper instructor. If you are an experienced shooter, this guide will be a resource covering the principles and theory of long range shooting.

This is the preliminary book to help you understand fundamental concepts such as MOA vs Mils and external ballistics, that can be like a trusted resource at the range. Learning to shoot long range isn't that difficult. Once you understand the basics, you can start to master your technique and you'll be hitting targets in no time.

The author has a series of online instructional videos known for their ability to take seemingly complex areas of long range shooting and breaking them down so that they're easy to understand. This book was motivated by the feedback from those videos.

The handbook is broken down into three main categories: What it is/How it works, Fundamentals, and How to use it. "What it is/How it works" covers equipment, terminology, and basic principles. "Fundamentals" covers the theory of long range shooting. "How to use it" gives you practical advice on how to implement what you've learned so far to make you a long range shooter.

Editorial Review

Review

"Cleckner has a gift for teaching. I have repeatedly seen contestants on Top Shot and guests at Texas Triggers excel under his instruction. He explains seemingly complex topics in a tangible way that just makes sense." -- Colby Donaldson, Host, History Channel's "Top Shot" TV Show

Whether you're looking to dip a toe into the complex world of long range shooting, or you're a seasoned shooter with years of trigger time, Ryan Cleckner's book will prove to be excellent reference material. Well written and easy to understand, it covers all the essential topics that a well rounded shooter needs to master. -
-Iain Harrison, Editor, Recoil Magazine

About the Author

Ryan Cleckner served as a special operations sniper team leader with the U.S. Army's elite 1st Ranger Bn. on multiple combat deployments. Ryan is a graduate of the premier Special Operations Target Interdiction Course (SOTIC), among other military training courses, and has taught snipers and police sharpshooters from around the world. Ryan has a series of online instructional videos known for their ability to explain complex topics in a simple and digestible way. Ryan is currently a firearms industry professional and an attorney.

Users Review
