### A Doubter's Almanac: A Novel By Ethan Canin

**NEW YORK TIMES BESTSELLER** • In this mesmerizing novel, Ethan Canin, the author of *America America* and *The Palace Thief*, explores the nature of genius, rivalry, ambition, and love among multiple generations of a gifted family.

Milo Andret is born with an unusual mind. A lonely child growing up in the woods of northern Michigan in the 1950s, he gives little thought to his own talent. But with his acceptance at U.C. Berkeley he realizes the extent, and the risks, of his singular gifts. California in the seventies is a seduction, opening Milo's eyes to the allure of both ambition and indulgence. The research he begins there will make him a legend; the woman he meets there—and the rival he meets alongside her—will haunt him for the rest of his life. For Milo's brilliance is entwined with a dark need that soon grows to threaten his work, his family, even his existence.

Spanning seven decades as it moves from California to Princeton to the Midwest to New York, *A Doubter's Almanac* tells the story of a family as it explores the way ambition lives alongside destructiveness, obsession alongside torment, love alongside grief. It is a story of how the flame of genius both lights and scorches every generation it touches. Graced by stunning prose and brilliant storytelling, *A Doubter's Almanac* is a surprising, suspenseful, and deeply moving novel, a major work by a writer who has been hailed as “the most mature and accomplished novelist of his generation.”

### Praise for *A Doubter's Almanac*

“551 pages of bliss . . . devastating and wonderful . . . dazzling . . . You come away from the book wanting to reevaluate your choices and your relationships. It’s a rare book that can do that, and it’s a rare joy to discover such a book.”—*Esquire*

“[Canin] is at the top of his form, fluent, immersive, confident. You might not know where he’s taking you, but the characters are so vivid, Hans’s voice rendered so precisely, that it’s impossible not to trust in the story. . . . The delicate networks of emotion and connection that make up a family are illuminated, as if by magic, via his prose.”—*Slate*

“Alternately explosive and deeply interior.”—**New York (“Eight Books You Need to Read”)**

“A blazingly intelligent novel.”—**Los Angeles Times**

“[A] beautifully written novel.”—**The New York Times Book Review (Editors’ Choice)**

“A book that raises the bar for novelists.”—**Literary Hub**

“No knowledge of proofs or theorems is required to enjoy Ethan Canin’s excellent eighth novel. He alternately treats math like elegant poetry or infuses it with crackling energy.”—**The Christian Science Monitor**

“Math made beautiful . . . Canin writes with such luxuriant beauty and tender sympathy that even victims of Algebra II will follow his calculations of the heart with rapt comprehension.”—**The Washington Post**

“A masterful writer at his transcendent best.”—**BBC**

“Elegant and devastating . . . *A Doubter’s Almanac* is exquisitely crafted. Canin takes us readers deep into the strange world of his troubled characters without ever making us aware of the effort involved. . . . An odd and completely captivating novel.”—**NPR’s Fresh Air**

“Dazzlingly ambitious . . . one part intellectual thriller, one part domestic saga.”—**The Huffington Post**

*From the Hardcover edition.*

### Editorial Review

#### Amazon.com Review

**An Amazon Best Book of February 2016:** “If your father was never like other fathers, if he never tossed the ball with you, if he never talked with you about your day at school while you walked the dog together in the evenings, if he never brought you to a hockey game...was always late when he picked you up...if he swore when he tripped on curbs and stumbled when he got out of cars...” then you had a father like poor Hans Andret, the narrator of this sad but surprisingly buoyant novel about a family of brainiacs who are particularly good at math-- and self-destruction. The patriarch, Milo Andret, is a drinker with a nasty demeanor that gets him booted out of both Princeton and the arms of his one true love (who marries his rival); a generation later, his son Hans, a hedge-fund billionaire by the age of 20 (his field was “applied” mathematics which to his purist father “might as well have been Himalayan transcendentalist studies”) seems headed down the same path. But Hans tries to understand history as well as math, and manages, sort of, to come to terms with his father, his legacy and himself. This novel is the kind of epic story we’ve read before--it’s almost Biblical--and yet Canin makes it all seem new. Maybe it’s the discussions about math, which are less off-putting than I at first feared they would be, and maybe it’s the way he makes these superbly flawed characters seem...well, if not likable, then at least recognizable. (Personally, I credit the female characters, the ex-girlfriend, the mother, the sister--helpmeets, all--who are nonetheless both the backbone and the heart of the book.) Canin will surely catch some flak for some overlong passages and some scenes of very obvious Freudianism, but they’re buffeted by beautiful writing and a story line that, for all its tragic familiarity, never gets old. --*Sara Nelson*

#### Review

“551 pages of bliss . . . devastating and wonderful . . . dazzling . . . You come away from the book wanting to reevaluate your choices and your relationships. It’s a rare book that can do that, and it’s a rare joy to discover such a book.”—*Esquire*

“[Ethan Canin] is at the top of his form, fluent, immersive, confident. You might not know where he’s taking you, but the characters are so vivid, Hans’s voice rendered so precisely, that it’s impossible not to trust in the story. . . . ‘It was as though the numerals had been expressly fabricated, like more-perfect words, to elucidate the details of creation,’ Canin writes of Milo’s passion for math, though he might as well be referring to his novel, in which the delicate networks of emotion and connection that make up a family are illuminated, as if by magic, via his prose.”—*Slate*

“Alternately explosive and deeply interior.”—*New York* (“Eight Books You Need to Read”)

“A blazingly intelligent novel.”—*Los Angeles Times*

“[A] beautifully written novel.”—*The New York Times Book Review* (Editors’ Choice)

“A book that raises the bar for novelists.”—*Literary Hub*

“No knowledge of proofs or theorems is required to enjoy Ethan Canin’s excellent eighth novel. He alternately treats math like elegant poetry or infuses it with crackling energy.”—*The Christian Science Monitor*

“Math made beautiful . . . Canin writes with such luxuriant beauty and tender sympathy that even victims of

Algebra II will follow his calculations of the heart with rapt comprehension.”—***The Washington Post***

“A masterful writer at his transcendent best.”—**BBC**

“Elegant and devastating . . . *A Doubter’s Almanac* is exquisitely crafted. Canin takes us readers deep into the strange world of his troubled characters without ever making us aware of the effort involved. . . . An odd and completely captivating novel.”—**NPR’s Fresh Air**

“Dazzlingly ambitious . . . one part intellectual thriller, one part domestic saga.”—***The Huffington Post***

“There is a shimmering loveliness to Canin’s glimpses of higher mathematics. . . . *A Doubter’s Almanac* is a novel whose achievement is fully equal to the . . . tragedy it portrays. Ethan Canin understands both the allure of great intellectual accomplishment and the price it exacts from those who pursue it. Unlike his protagonist, his own prodigious effort has produced a work of exquisite and enduring beauty.”—**Bookreporter**

“With *A Doubter’s Almanac*, Canin has soared to a new standard of achievement. What a story, and what a cast of characters. The protagonist, Milo Andret, is a mathematical genius and one of the most maddening, compelling, appalling, and unforgettable characters I’ve encountered in American fiction. This is the story of a family that falls to pieces under the pressure of living with an abundantly gifted tyrant. Ethan Canin writes about mathematics as brilliantly as T. S. Eliot writes about poetry. With this extraordinary novel, Ethan Canin now takes his place on the high wire with the best writers of his time.”—**Pat Conroy**

“Staggeringly ambitious . . . a story of majestic sweep.”—**Paste**

“I have never encountered prose that renders this world so beautifully: the field ceases to be a language and series of figures we don’t understand and becomes a subject for which we have a nearly physical understanding. . . . *A Doubter’s Almanac* makes clear that no matter how blind we are in some ways, we are still able, in other ways, to see.”—**Fiction Writers Review**

“The book is no apologia for bad behavior, a free pass for genius run amok. Canin has crafted a believable and indelible portrait of a frustrated master intellectual at work. . . . [There are] scenes that erupt with the explosive power of a Eugene O’Neill or Arthur Miller. . . . The life of the gentle, humane Albert Einstein, also once at Princeton, reminds us that not all giants of math and science are monsters. What Ethan Canin reminds us is that, despite everything, Milo Andret, isn’t either.”—**Newsday**

“Masterful . . . a work of impressive ambition, operating on a truly epic scale. Moving across seven decades, it is a tale that exquisitely details the zeniths and nadirs of true genius.”—***The Maine Edge***

“A tremendous literary achievement.”—**Publishers Weekly (starred review)**

“Epic . . . thoroughly absorbing . . . a nuanced, heartbreaking portrait of a tortured mathematician . . . Canin, in translucent prose, elucidates the way a mathematician sees the world and humanity’s own insignificance within it. A harrowing, poignant read about the blessing and curse of genius.”—**Booklist (starred review)**

“Cause for celebration! . . . A fantastic multigenerational novel about a family of geniuses who discover the sometimes painful costs of living with brilliance.”—**Book Riot**

“Extraordinary . . . a spellbinding novel about math.”—**Kirkus Reviews**

“A gem.”—*People*

“This is big, serious, completely involving fiction of a kind rarely written today.”—*The Guardian*

“Canin’s fifth novel is brilliant—it’s the sort of book that used to be called “a major novel” . . . This is fiction at its most ambitious and seductive—for all its length and intellectual complexity, *A Doubter’s Almanac* speeds by with effortless grace. On every page Canin’s humane, precise prose offers marvels. *A Doubter’s Almanac* is fiction as it should be—rich, compassionate, gripping, and true.”—*Dublin Sunday Business Post*

#### About the Author

**Ethan Canin** is the author of seven books, including the story collections *Emperor of the Air* and *The Palace Thief* and the novels *For Kings and Planets*, *Carry Me Across the Water*, and *America America*. He is on the faculty of the Iowa Writers’ Workshop and divides his time between Iowa and northern Michigan.

##### From reader reviews:

###### **Percy Cole:**

Do you have favorite book? If you have, what is your favorite's book? Book is very important thing for us to be aware of everything in the world. Each e-book has different aim as well as goal; it means that book has different type. Some people truly feel enjoy to spend their the perfect time to read a book. These are reading whatever they consider because their hobby is reading a book. What about the person who don't like reading a book? Sometime, individual feel need book after they found difficult problem or even exercise. Well, probably you will want this *A Doubter’s Almanac: A Novel*.

###### **Jose Callender:**

What do you concerning book? It is not important to you? Or just adding material when you want something to explain what the ones you have problem? How about your spare time? Or are you busy individual? If you don't have spare time to accomplish others business, it is make you feel bored faster. And you have time? What did you do? Every individual has many questions above. They need to answer that question mainly because just their can do that will. It said that about reserve. Book is familiar on every person. Yes, it is appropriate. Because start from on jardín de infancia until university need this particular *A Doubter’s Almanac: A Novel* to read.

###### **James Mendoza:**

You may spend your free time to read this book this e-book. This *A Doubter’s Almanac: A Novel* is simple to develop you can read it in the park, in the beach, train in addition to soon. If you did not have got much space to bring the actual printed book, you can buy the e-book. It is make you simpler to read it. You can

save the book in your smart phone. Consequently there are a lot of benefits that you will get when one buys this book.

**Martin Dowling:**

This A Doubter's Almanac: A Novel is brand new way for you who has intense curiosity to look for some information because it relief your hunger info. Getting deeper you in it getting knowledge more you know or perhaps you who still having tiny amount of digest in reading this A Doubter's Almanac: A Novel can be the light food to suit your needs because the information inside this book is easy to get through anyone. These books build itself in the form and that is reachable by anyone, that's why I mean in the e-book contact form. People who think that in reserve form make them feel drowsy even dizzy this book is the answer. So there is no in reading a reserve especially this one. You can find actually looking for. It should be here for you. So , don't miss this! Just read this e-book kind for your better life in addition to knowledge.
