### **Black Hat Seo: Leeching from Authority Sites: Secrets to Fast Rankings & Big Money** By Jules Vincent

In the world of search engine optimization (SEO) the term "black hat" is used to describe aggressive SEO strategies and techniques which focus mainly on manipulating search engine.

Some examples of Black Hat SEO include cookie stuffing, keyword stuffing, and invisible text, as well as doorway pages and adding unrelated keywords on your website.

Black Hat SEO is usually utilized by people looking for a quick financial gain rather than a long term investment. Though the usual result will be your website getting banned, though most black hat experts consider being black listed from search engines irrelevant.

Misinformation and a sheep-like mentality have led people away from this practice even though it's alive and well. Give google the middle finger. In this guide I will let you in (but not spoon feed you) on my technique which I bank on in terms of SEO. You will not regret it!
