**Letters from the Earth: Uncensored Writings (Perennial Classics)** By Mark Twain

"I have told you nothing about man that is not true." You must pardon me if I repeat that remark now and then in these letters; I want you to take seriously the things I am telling you, and I feel that if I were in your place and you in mine, I should need that reminder from time to time, to keep my credulity from flagging.

In *Letters from the Earth*, Twain presents himself as the Father of History -- reviewing and interpreting events from the Garden of Eden through the Fall and the Flood, translating the papers of Adam and his descendants through the generations. First published fifty years after his death, this eclectic collection is vintage Twain: sharp, witty, imaginative, complex, and wildly funny.

### **Editorial Review**

#### **Amazon.com Review**

If you're already familiar with Finn and Sawyer, perhaps this collection of fragments, short stories, and essays--assembled posthumously some few decades ago now, but still fresh--will enhance your sense of Twain's true range. A particular favorite: his essay "The Damned Human Race," wherein he proves, rather convincingly, that an anaconda snake is a higher form of life than an English Earl.

*Twain sentimentalists will gasp, Bible-belters will turn purple, austere stylistic purists will raise eyebrows -- but dyed-in-the-wool Twain enthusiasts will grab hungrily for what amounts to a new volume by the 'Lincoln of our literature' ... The pages in this volume range from furious to funny, from deadly earnestness to frothy wordplay.* --Library Journal

#### **From the Publisher**

"It's easy to imagine Samuel Clemens (aka Mark Twain) and Carl Reiner as best of friends, had not the one died 10 years before the other was born. Twain would have enjoyed Reiner's work in "Your Show of Shows," "The 2000 Year Old Man," and "The Dick Van Dyke Show," just as Reiner clearly appreciates Twain's humor." Audiofile
