The Foundations of Christian Doctrine By Kevin J. Conner

Without a solid foundation in theology, it is difficult to be a sound interpreter and exegete the scriptures. The purpose of this work is to set forth in order a declaration of those things which are most surely believed among us. The text has been written in such a way as to provide "seed to the sower and bread to the eater." The writer has not tried to say all that could be said but has provided both outline (seed) and content (bread) so that the student can read and meditate on the numerous Scripture references listed, and not just on the author's comments. Foundations of Christian Doctrine provides one of the most relevant and clear presentations of the great doctrines of the faith of our time. This highly acclaimed textbook is fast becoming a standard work for many bible colleges around the world.
