### Editorial Review

#### Review

“But these are only minor criticisms of what will be an extraordinarily helpful and reassuring book for many students.” (*Times Higher Education*, 28 February 2013)

#### Review

“A marvelous new book with which to introduce students to the informed, intelligent and insightful criticism of films, literature, and culture. In easy-going and engaging prose, Ryan shows his readers why cultural criticism practiced well is still amongst the most important things we can - and must - do. Students will love following him as he moves from Adorno to Hawthorne to Fanny Burney to Negri - an original critical ride.”

—**Imre Szeman**, University of Alberta

“This is a smart and clearly written book that covers the whole field of criticism very well.”

—**Robert Scholes**, Brown University
