## The Money Game By Adam Smith

**“The best book there is about the stock market”—timeless investing basics by the host of the Emmy Award-winning show *Adam Smith’s Money World* (*The New York Times Book Review*).**

This essential book takes readers to the Street to learn about the intricacies of money and how the stock market impacts every area of our lives. According to the author, the key to making wise, lucrative investments is knowing ourselves. In witty, easily accessible language, he shares pithy insights about the role of intuition and the psychology of guilt, arguing that there is no substitute for information. Smith’s Irregular Rules shatter common myths and misconceptions, revealing why nothing works all the time and illustrating how greed and fear fuel the market.

Readers will learn about the safest types of investing, the key to following market trends, and how to capitalize growth, gleaning tips on stock movers, winners and losers, and much more. Peppered with entertaining and prescient anecdotes, *The Money Game* analyzes who makes the really big money and explores the meaning of our desire to become rich. From selling short and buying long to Wall Street’s crowd mentality, from what constitutes a random walk to why timing is everything, this is the definitive portrait of the Street, then and now.

### Editorial Review

#### Review

"This is a modern classic." —Paul A. Samuelson, First American Nobel Prize Winner in Economics

"The best book there is about the stock market and all that goes with it." —*The New York Times Book Review*

"Anyone whose orientation is toward where the action is, where the happenings happen, should buy a copy of **The Money Game** and read it with due diligence." —*Book World*

" 'Adam Smith' is a veteran observer and commentator on the events and people of Wall Street.... His thorough knowledge of financial affairs gives his observations a great degree of authenticity. But the joy of reading this book comes from his delightful sense of humor. He is a lively and ingeniously witty writer who never stoops to acerbity. None of the solemn, sacred cows of Wall Street escapes debunking." —*Library Journal*

#### About the Author

**The Money Game**, written by one who signs himself 'Adam Smith' (and who some believe is Harvard-and-Oxford-trained George J. W. Goodman), is a modern-day classic. Like many modern paintings, the book looks simple. But as W. Somerset Maugham said about an unforgettable Mondrian abstraction: 'It looks as though you had only to take a ruler, a tube of black paint and a tube of red, and you could do the thing yourself. Try!' —Professor Paul A. Samuelson, First American Nobel Prize Winner in Economics.

"Everyone who is anyone in U.S. investment already knows about 'Adam Smith,' " wrote *Newsweek*. 'Adam Smith' is also the author of **Supermoney** and **Powers of Mind**.
