Elizabeth Young's brothers think they have it rough as vampires? Ha! Two words for them: unwanted hair. What werewolf Elizabeth craves is a normal life with a husband, kids, and less shaving. Unfortunately, the vaccine she's researched isn't working yet. Worse, she's in heat - and soon every dangerous wolf pack for miles around will be at her door. To buy time, she needs to have sex, and often, with the first human male she can find...Veterinarian Jensen Adler just meant to drown his sorrows, until a stunning, leather-clad beauty made him an offer he couldn't refuse. Now he's caught up in something really weird, definitely dangerous, and, okay, extremely hot. So his new girlfriend is hiding something (and she's a little freaky about the moon), but Jensen knows true love when he feels it, and this time, he's not giving up...no matter how hairy things get.
