Owl Babies By Martin Waddell

A tender tale to remind the youngest of children that Mommy always comes back.

"I want my mommy!" Three baby owls awake one night to find their mother gone, and they can't help but wonder where she is. What is she doing? When will she be back? What scary things move all around them? Stunning illustrations from striking perspectives capture the anxious little owls as they worry. Not surprisingly, joyous flapping and dancing and bouncing greet the mother's return, lending a celebratory tone to the ending of this comforting tale. Never has the plight of young ones who miss their mother been so simply told or so beautifully rendered.

Editorial Review

From Publishers Weekly

Three worried owlets wait for their mother to return from her night flight. PW said, Benson's disarming cross-hatched pictures of fluffy, wide-eyed owl babies, and the use of light-colored text against a black background, turn this sweet story into a hauntingly lovely book. Ages 3-7.

Copyright 2002 Cahners Business Information, Inc.

From School Library Journal

PreSchool-- This simple story pales in comparison to the exceptionally well-crafted illustrations. Rendered in black ink and watercolor with an abundance of crosshatching used to show background, shadow, texture, and depth, each stunning woodcutlike panorama fills a double-page spread. Benson has chosen shades of turquoise, pale yellow, and light green for the large-type text in order to avoid detracting from the blue-and-green dominated paintings. Realistic as they appear, the three, fluffy, white baby owls and their mother are infused with distinct personalities. The owlets awaken one night to find their mother gone. Sarah, the largest, reasons that she is out hunting for food. Mid-sized Percy tends to agree, while tiny Bill will only repeat, "I want my mommy!" Mom, just out for a night flight, does return, of course, and her fledglings are delighted to see her. The repetition just doesn't work. The plot is too meager, the text too unexciting. Hutchins's Good Night Owl (Macmillan, 1991), Thaler's Owlly (HarperCollins, 1982), and Yolen's Owl Moon (Philomel, 1987) are all better stories for preschoolers. Simple, well-written books about mother love and reassurance for this age group are abundant. --Susan Scheps, Shaker Heights Public Library, OH

Review

Touchingly beautiful ... Drawn with exquisite delicacy ... The perfect picture book. The Guardian Stories about home-alone baby animals don't come more appealing than this. Daily Mail A perfect bedtime story. The Irish Times Waddell's stories treat the fears of the very small with wit and sensitivity ... Benson's pictures are outstanding. The Independent on Sunday Clever paper engineering. I love the way the baby owls' eyes move and the impressive pop up owl and her three flapping youngsters. Celebrating 21 years of this well-loved tale, this is a charming book for the very young -- Caroline Franklin Newbury News Weekly

Users Review

From reader reviews:

Diana Ham:

The experience that you get from Owl Babies may be the more deep you digging the information that hide into the words the more you get thinking about reading it. It doesn't mean that this book is hard to recognise but Owl Babies giving you excitement feeling of reading. The copy writer conveys their point in specific way that can be understood by simply anyone who read it because the author of this book is well-known enough. This specific book also makes your personal vocabulary increase well. So it is easy to understand then can go together with you, both in printed or e-book style are available. We suggest you for having this particular Owl Babies instantly.

David Bergeron:

Reading a book can be one of a lot of activity that everyone in the world enjoys. Do you like reading book therefore. There are a lot of reasons why people love it. First reading a publication will give you a lot of new details. When you read a book you will get new information simply because book is one of a number of ways to share the information as well as their idea. Second, reading through a book will make you more imaginative. When you looking at a book especially fictional book the author will bring you to definitely imagine the story how the people do it anything. Third, you can share your knowledge to other individuals. When you read this Owl Babies, you may tells your family, friends in addition to soon about yours guide. Your knowledge can inspire different ones, make them reading a publication.

Carroll Boggess:

Playing with family in a park, coming to see the marine world or hanging out with good friends is thing that usually you could have done when you have spare time, after that why you don't try point that really opposite from that. A single activity that make you not experience tired but still relaxing, trilling like on roller coaster you already been ride on and with addition associated with. Even you love Owl Babies, you can enjoy both. It is fine combination right, you still wish to miss it? What kind of hang-out type is it? Oh can occur its mind hangout guys. What? Still don't buy it, oh come on its known as reading friends.

Donna Salerno:

This Owl Babies is great reserve for you because the content that is certainly full of information for you who all always deal with world and also have to make decision every minute. This particular book reveal it info accurately using great manage word or we can declare no rambling sentences within it. So if you are read it hurriedly you can have whole facts in it. Doesn't mean it only gives you straight forward sentences but tricky core information with splendid delivering sentences. Having Owl Babies in your hand like having the world in your arm, facts in it is not ridiculous a single. We can say that no e-book that offer you world throughout ten or fifteen tiny right but this reserve already do that. So , this really is good reading book. Hey there Mr. and Mrs. stressful do you still doubt in which?
