### Editorial Review

#### Review

"Like its companion, *The Ethnographic Interview*, *Participant Observation* is a valuable, step-by-step guide to entering a new community. Although an older book, it still is relevant for guiding students in engaging with a community they want to learn more about. Thank you for reissuing it!" --Lori Gardner, Trinity Western University

"To deliver powerful insights about the people, organizations, and cultures we're studying with digital ethnography, we need a framework to ensure we don't miss vital pieces of the narrative. While many ethnographic frameworks exist, the parent framework in ethnography is James P. Spradley's 9 Dimensions of Descriptive Observation." --Christopher S. Penn, Vice President of Marketing Technology, Shift Communications
