**Doctor Who: Deep Time** By Trevor Baxendale

**An original adventure tying in to the ninth season of Doctor Who, the spectacular hit series from BBC Television, featuring the new 12th Doctor as played by Peter Capaldi.**

*"I do hope you're all ready to be terrified!"*

The Phaeron disappeared from the universe over a million years ago. They travelled among the stars using roads made from time and space, but left only relics behind. But what actually happened to the Phaeron? Some believe they were eradicated by a superior force... Others claim they destroyed themselves.

Or were they in fact the victims of an even more hideous fate?

In the far future, humans discover the location of the last Phaeron road – and the Doctor and Clara join the mission to see where the road leads.

Each member of the research team knows exactly what they're looking for – but only the Doctor knows exactly what they'll find.

Because only the Doctor knows the true secret of the Phaeron: a monstrous secret so terrible and powerful that it must be buried in the deepest grave imaginable...

*From the Trade Paperback edition.*
