For centuries, the Yosemite Indians have been gathering acorns, drying and storing them, and pounding, winnowing, sifting, leaching, and cooking them in a highly evolved, elegant, and skillful process. *It Will Live Forever* looks at Julia Parker, a Kashaya Pomo woman who married into the Yosemite Miwok tribe and is still practicing this traditional art as Indian women have done for generations.

It Will Live Forever remains the only source of intimate descriptions of one of the most vital aspects of traditional California Indian life. It has sold more than 5,000 copies.
