### SARGON: SAVING THE BLUE MARBLE By By Jim Morrison

Since the first people looked up at the stars we had wondered “Are we alone in the universe?”

The question had been hotly debated with each person giving their own opinion that varied as much as the person giving it.

What constitutes life anyway? Who are we to say that there’s “no life” out there? There’s totally life out there! We just haven’t found it yet. But it’s out there! On the twenty-second of October in the year 2017 the human race would finally get their answer.
