The Secret History of Lucifer: And the Meaning of the True Da Vinci Code

By Lynn Picknett

Lynn Picknett explains in this highly readable and well-researched account that the horned Devil — now posited as an antithesis of God — is merely a new, and admittedly more evil, incarnation of the old woodland deity Pan; while Lucifer was once a personification of the Morning Star, the planet Venus, and its goddess. "He" was therefore originally "she," and a divine representation of love, beauty, and human warmth. Indeed, many ancient goddesses were known as Luciferia, or "Light-bringer" — an honor extended to Mary Magdalene in her true role as goddess-worshipping priestess and Christ's successor. While thousands follow Lucifer in order to achieve earthly wealth and power, Picknett explains that such misguided behavior is far from true Luciferan principles. Picknett draws together ancient heretical Christian and Egyptological texts, and the implications of abnormal psychology and the "extreme possibilities" of certain barely understood human attributes to pose the question: Have we humans actually created God and Lucifer, not merely as icons or metaphors, but in a terrifying way, literally? And if so, how do we know which is which?

Editorial Review

From Publishers Weekly

Though dense with research, readers interested in religious conspiracies, particularly those for which Christianity is held responsible, will find Picknett's redemption of Lucifer as "Light-bringer" and "enlightener" fascinating. Picknett, author of many conspiracy-oriented books about topics like the Turin shroud, the Templars and most recently Mary Magdalene, sets out to correct misconceptions about Lucifer, who she claims is not synonymous with the devil or Satan. Lucifer, she writes, "is emphatically not the Evil One, but the spirit of human progress, the fight to learn and grow, to be independent and proud." Divided into two parts, the first is dedicated to Lucifer's relationship with the feminine and his subsequent "fall" from morning star to bringer of hell as a result of his feminization, while the second traces Lucifer's emergence in history as Satan. Filled with ironic undertones, Picknett's exploration of Lucifer's association with womanhood is the more interesting of the two sections, offering well-researched interpretations of the Judeo-Christian creation myth, ancient goddess traditions, and pagan rituals. Picknett's depth and range of knowledge is impressive and if readers can forgive the annoying and repeated self-references to her many other works, they will encounter a thick, interesting and alternative view of an intriguing topic. (Aug.)

Review

" 'A thought-provoking book that considers many issues, not least the role and image of women in Christianity.' Good Book Guide 'Lynn Picknett... presents the Magdalene in a fresh and disconcerting way.' Washington Post Book World 'Picknett's book... puts Mary Magdalene back on top of her pedestal.' Nexus"

About the Author

Lynn Picknett is a writer and speaker on Christian heresies, the occult and historical conspiracies. Her books include Mary Magdalene: Christianity's Hidden Goddess, and Turin Shroud: How Leonardo da Vinci Fooled History and its best-selling sequel about da Vinci's shocking heretical code, The Templar Revelation: Secret Guardians of the True Identity of Christ.

Users Review
