**Correlation and Regression: Applications for Industrial Organizational Psychology and Management (Organizational Research Methods)** By Philip Bobko

"This book provides one of the clearest treatments of correlations and regression of any statistics book I have seen. . . . Bobko has achieved his objective of making the topics of correlation and regression accessible to students. . . . For someone looking for a very clearly written treatment of applied correlation and regression, this book would be an excellent choice."

--Paul E. Spector, University of South Florida

"As a quantitative methods instructor, I have reviewed and used many statistical textbooks. This textbook and approach is one of the very best when it comes to user-friendliness, approachability, clarity, and practical utility."

--Steven G. Rogelberg, Bowling Green State University

### Editorial Review

#### Review

"... the writing makes this book interesting to all levels of students. Bobko tackles tough issues in an easy way but provides references for more complex and complete treatment of the subject. . . . there is a familiarity and love of the material that radiates through the words."

(Malcolm James Ree)

*"The greatest strength of this book is the way in which the material is presented. I particularly liked the clarity in the way that formulae were presented and that they are explained in terms of what each part contributes and the effect it has."* (Rebecca Walwyn *Statistical Methods in Medical Research* 2004-03-30)
