The Last Girl (The Dominion Trilogy) By Joe Hart

From *Wall Street Journal* bestselling author Joe Hart.

A mysterious worldwide epidemic reduces the birthrate of female infants from 50 percent to less than 1 percent. Medical science and governments around the world scramble in an effort to solve the problem, but twenty-five years later there is no cure, and an entire generation grows up with a population of fewer than a thousand women.

Zoey and some of the surviving young women are housed in a scientific research compound dedicated to determining the cause. For two decades, she's been isolated from her family, treated as a test subject, and locked away—told only that the virus has wiped out the rest of the world's population.

Captivity is the only life Zoey has ever known, and escaping her heavily armed captors is no easy task, but she's determined to leave before she is subjected to the next round of tests...a program that no other woman has ever returned from. Even if she's successful, Zoey has no idea what she'll encounter in the strange new world beyond the facility's walls. Winning her freedom will take brutality she never imagined she possessed, as well as all her strength and cunning—but Zoey is ready for war.

Editorial Review

From School Library Journal

Zoey is almost 21, but she isn't looking forward to leaving the ward and going to the Safe Zone to meet her parents. She's been held in the prison her entire life, along with a few other girls who disappear after the coming-of-age ceremony. The National Obstetric Alliance is protecting the young girls while researching the epidemic that causes nearly all babies to be born male. Zoey isn't sure what she's doing, but she escapes, finding refuge with rebels in the woods surrounding the compound. Quickly, she learns the truth of her world and government and plots revenge. Zoey and her new friends must break into the compound and rescue the other female prisoners. Readers will have to suspend disbelief—Zoey is inexplicably skilled at everything she attempts in the outside world—but the action is fast-paced, and the book is a quick read. **VERDICT** Purchase for libraries where teens are still clamoring for dystopian series.—Sarah Hill, Lake Land College, Mattoon, IL

Review

“What if there were only 1,000 women left on the planet? This is the conceit of *The Last Girl*, and it’s the kind of premise I live for. Part *Children of Men*, part *The Count of Monte Cristo* for the modern age, Joe Hart has written a rapturous, thought-provoking, impossible-to-put-down thriller that is destined to become the first BIG BOOK of 2016.” —**Blake Crouch, bestselling author of The Wayward Pines Trilogy**
