**Comprehensive Neonatal Nursing Care: Fifth Edition (Comprehensive Neonatal Nursing: A Physiologic Perspective (Kenner))** By Carole Kenner PhD NNP RN FAAN

This book provides a complete look at neonatal healthcare delivery. This edition includes discussions of contemporary topics of interest, such as informatics, genetics, global health, and family-centered care, which are vital to providers caring for neonates today. The case studies and the evidence-based practice dialogues at the end of each chapter provide great opportunities for further reflection. The book is useful to a wide audience in nursing, including undergraduate and graduate nursing students, practicing neonatal and pediatric nurses, and advanced practice nurses who care for neonates." **Score: 92, 4 Stars.--Doody's Medical Reviews**

This 'classic' has been thoroughly updated to incorporate the most up-to-date research findings and strategies for providing cost-effective and evidence-based care. New chapters address emerging infections, the late preterm infant, and neonatal care from a global perspective. Included are updated neonatal care protocols and procedures, neuroprotective risk factors, new treatments, and new trends in developmental care. Text integrates the Institute of Medicine's (10M) five competencies, reflects the Affordable Healthcare Act and the Robert Wood Johnson and 10M report "The Future of Nursing."

The text continues to provide neonatal care from a physiologic and pathophysiologic approach, with a major emphasis on nursing management at the bedside and advanced practice level. Each neonatal body system is presented, along with E-B interventions to assist in understanding the 'why' behind what is seen in the clinical area. Integrative management is threaded through the text along with extensive research findings to support practice strategies and rationales for sound clinical decision-making. Topics of recent interest include iatrogenic complications, neonatal pain, use of computers or other technology in neonatal care, and neonatal AIDS. Case studies enhance understanding of both common and rare neonatal conditions.

**New to the Fifth Edition:**

- New chapters: emerging infections, the late preterm infant, and neonatal care from a global perspective
- Updated neonatal care protocols and procedures, neuroprotective factors, new treatment modalities and new trends in developmental care
- Tackles the UN Millennium Development Goals (MDGs)
- Addresses the expansion of the nurse's role in the US and worldwide
- Provides case studies that lead the reader through the identification, diagnosis, treatment, and evaluation of common and rare neonatal conditions

## **Editorial Review**

### **About the Author**

**Carole A. Kenner, PhD, NNP, RN, FAAN**, is nationally and internationally renowned for her policy-setting work to establish rights of the neonate, standards for neonatal care, and the reduction of infant mortality worldwide. She is the College of New Jersey's Carol Kuser Loser Dean of the School of Nursing, Health, and Exercise Science, and has held many titles, including Dean/Professor, School of Nursing, and Associate Dean, Bouve College of Health Sciences, at Northeastern University, Boston, MA, and Adjunct Professor, Case Western Reserve University, Cleveland, OH. She also serves as President, Consultants with Confidence, Inc., West Roxbury, MA; Consultant, Excelsior University Online Program, Albany, NY; and Trainer, End-of-Life Nursing Education Consortium in Pediatric Palliative Care (ELNEC), Washington, DC. She has published over 75 peer-reviewed journal articles, 30 books, and at least 80 book chapters. Dr. Kenner has participated as PI, Co-PI or Consultant on nearly 60 research grants. She is a member of four honorary organizations, including the AAN (elected 1994) and many others. Dr. Kenner is a member of numerous review panels, editorial boards, and consultant groups.

**Judy Wright Lott, PhD, BC-NNP, RN, FAAN**, is Dean, Baylor University School of Nursing (TX) since 2002. She was a Neonatal NP (NNP) 2004-2005; Associate Professor of Nursing and Director of NNP Specialty, at the University of Cincinnati College of Nursing (1996-2002); and Assistant Professor, Neonatal Graduate specialty, University of Florida College of Nursing (1986-1990). She has worked in the clinical setting in various capacities since 1976. From 1992-1996, she was the NNP Service Director/Associate Professor of Nursing (joint appointment) at the Children's Hospital Medical Center, University of Cincinnati College of Nursing, where she also was responsible for the administration of the NNP Service of the Level III NICU (1992-1996); and NNP Coordinator, Carolinas Medical Center, Charlotte, NC, where she was responsible for 12 NNPs. Dr. Lott was inducted into the AAN (2003), the AACN Fuld Leadership for Academic Nursing Program (2003-2004), and Visiting Professor for the Perinatal Society of Australia and New Zealand (2001). She has co-authored three editions of *Comprehensive Neonatal Nursing* with Dr. Kenner.

## **Users Review**

### **From reader reviews:**

#### **Henry Jensen:**
