### **Drawing Made Easy with Selections from Practical Drawing** By E. G. Lutz

Once a classic drawing instruction manual that was used to teach countless children and young adults how to draw, Drawing Made Easy by E. G. Lutz is now back in print after many years absence. Hallmarks of his approach are simplifying complex shapes as well as working from big to small. These concepts, outlined in Drawing Made Easy, are simple enough for children to understand and yet the same principles are evident in many Old Master drawings. Also contained within this reprinted volume are selections from Lutz's earlier book, Practical Drawing.
