**Watching You (Joe O'Loughlin Book 7) By Michael Robotham**

**New York Times** bestselling author Michael Robotham brings us face-to-face with a manipulative psychopath who has destroyed countless lives and is about to claim one final victim.

Marnie Logan often feels like she's being watched: a warm breath on the back of her neck, or a shadow in the corner of her eye that vanishes when she turns her head.

She has reason to be frightened. Her husband Daniel has inexplicably vanished, and the police have no leads in the case. Without proof of death or evidence of foul play, she can't access his bank accounts or his life insurance. Depressed and increasingly desperate, she seeks the help of clinical psychologist Joe O'Loughlin.

O'Loughlin is concerned by Marnie's reluctance to talk about the past and anxious to uncover what Marnie is withholding that could help with her treatment. The breakthrough in Marnie's therapy and Daniel's disappearance arrives when Marnie shares with O'Loughlin her discovery of the Big Red Book, a collage of pictures, interviews, and anecdotes from Marnie's friends and relatives that Daniel had been compiling as part of a surprise birthday gift.

Daniel's explorations into Marnie's past led him to a shocking revelation on the eve of his disappearance: Anyone who has ever gotten close to Marnie has paid an exacting price. A cold-blooded killer is eliminating the people in Marnie's life, and now that O'Loughlin is a part of it, he is next in line.

### Editorial Review

#### From [Booklist](#)

\*Starred Review\* Aussie thriller master Robotham starts with a touch readers have seen before. Every person who does wrong by the hero, therapist Joe O'Loughlin, has something awful happen to them, and all Joe knows is that he didn't do it. Meanwhile, Marnie Logan could use help. Abandoned by her husband, raising two children, and behind in the rent, she joins an escort service. Her pimp beats her. She visits a banker to beg that her husband's money be released. The jerk sneers her out the door. All her life Marnie has had a sense she's being watched by someone who stays in shadows and disappears when she turns on a light. Now she's sure. Scared, she confides in her friend, O'Loughlin, who does some detective-style investigating and learns that suddenly, like Marnie, he seems to have someone looking over his shoulder, too. This is where Robotham slowly, expertly begins tightening the screws in a deadpan style as sneaky as Joe's shadow friend. Revelations increase rather than release tension until the last page delivers the final chill. It will be a long time before memories of this one retreat back into the shadows. --Don Crinklaw
