Editorial Review

From Library Journal

This valuable new addition to the directory literature profiles 18,000 U.S. wholesalers and distributors. Straightforward and easy to use, the volume features an alphabetical listing of wholesalers and distributors, a geographical listing, and an alphabetical listing of Standard Industrial Classification (SIC) codes and a list of rankings within SICs by annual estimated sales. Full contact information is given. For example, under "W.S. Lee & Sons, Inc.," an address and phone is listed along with its primary industry: "Groceries=General line." This directory is essential for people working in the field; nothing else this comprehensive exists. Recommended for specialized business collections.
