Seeds: Volume One By M.M. Kin

Longing. Need. Desire. Hades, the Lord of the Underworld, has never felt any of these in his long life until a chance encounter with the Goddess of Spring. For as long as she can remember, Persephone has always been told what to do, her life dictated by people who believe they know what is best for her without taking the time to understand or listen to her. However, the opportunity to truly be herself awaits her in the most unlikely of places, sparking one of the most famous and enduring relationships that history has ever known...

Editorial Review

From the Author

I've been a huge fan of mythology since I was little... not just Greek, but overall mythology, as well as folklore and legends. As a history buff, it's always been fascinating to me the influence that stories have had on culture and society. I've always liked the myth of Hades and Persephone and it's held a fascination for me as long as I can remember, but like most myths, the story failed to explore the motivations and feelings of its characters.

The original myth tells us that Demeter let Greece starve when she was looking for her daughter, but it doesn't say what would drive her to such a deed. The myth also tells us that Zeus was complicit in letting Persephone be kidnapped, even going so far as to give Hades his permission to do so. And what of Persephone herself? The myth often paints her as a victim, and an unhappy queen while Hades is nothing but a brute who only cared about his own loneliness and desire.

Much as I love mythology, the characters in these stories are all too often one-dimensional, so I wanted to explore this myth and make it more real, and give these characters motivations for what they did, and in turn, bring life to the story and make it resonate with the reader.

About the Author

M.M. Kin has been interested in history and mythology since she was young and has been an avid reader for as long as she can remember. Her other interests include hiking, kayaking, and world domination. 'Seeds' is her first book/series, and she is currently at work on more books.

Users Review

From reader reviews:

Linnie Martinez:

The book Seeds: Volume One can give more knowledge and information about everything you want. Why then must we leave a good thing like a book Seeds: Volume One? A few of you have a different opinion about publication. But one aim that book can give many facts for us. It is absolutely correct. Right now, try to closer using your book. Knowledge or data that you take for that, you could give for each other; you can share all of these. Book Seeds: Volume One has simple shape however, you know: it has great and large function for you. You can look the enormous world by wide open and read a reserve. So it is very wonderful.

Floy Knowles:

Here thing why that Seeds: Volume One are different and dependable to be yours. First of all looking at a book is good however it depends in the content of the usb ports which is the content is as delightful as food or not. Seeds: Volume One giving you information deeper as different ways, you can find any book out there but there is no reserve that similar with Seeds: Volume One. It gives you thrill studying journey, its open up your own eyes about the thing this happened in the world which is probably can be happened around you. It is possible to bring everywhere like in area, café, or even in your technique home by train. For anyone who is having difficulties in bringing the branded book maybe the form of Seeds: Volume One in e-book can be

your alternate.

Danielle Tilley:

Playing with family in a park, coming to see the marine world or hanging out with pals is thing that usually you might have done when you have spare time, after that why you don't try matter that really opposite from that. Just one activity that make you not sensation tired but still relaxing, trilling like on roller coaster you already been ride on and with addition of information. Even you love Seeds: Volume One, it is possible to enjoy both. It is excellent combination right, you still would like to miss it? What kind of hang-out type is it? Oh can happen its mind hangout guys. What? Still don't understand it, oh come on its known as reading friends.

Joseph Mesta:

Beside this kind of Seeds: Volume One in your phone, it may give you a way to get more close to the new knowledge or information. The information and the knowledge you are going to got here is fresh in the oven so don't possibly be worry if you feel like an older people live in narrow community. It is good thing to have Seeds: Volume One because this book offers for your requirements readable information. Do you at times have book but you rarely get what it's all about. Oh come on, that will not end up to happen if you have this in your hand. The Enjoyable option here cannot be questionable, such as treasuring beautiful island. So do you still want to miss it? Find this book and also read it from now!
